Education

Maharishi Markandeshwar (Deemed to be University), Haryana   **CGPA: 8.9**
Bachelor of Technology - Computer Science & Engineering   2022 - Present

Experience

System Administrator and Application Developer | ServiceNow Training   Haryana | 01/2025 – 28/2025
- Completed a comprehensive **10-week ServiceNow training** program focused on **System Administration** and **Application Development**.
- Gained expertise in **Flow Designer**, **App Engine Studio**, and **ServiceNow Studio** to build and automate applications.
- Learned **JavaScript scripting** to customize and enhance ServiceNow platform functionality, including **Client Scripts**, **UI Policies**, and **Script Includes**.
- Earned the **Certified System Administrator (CSA)** certification, demonstrating proficiency in ServiceNow fundamentals.

Data Analytics Intern, Vodafone India Limited, Delhi | Data Analytics Intern   Virtual | 10/2024 – 11/2024
- Implemented **AI-powered data analysis workflows**, using **AI** and **Large Language Models (LLMs)**.
- Worked on data preprocessing, analysis, and visualization using **Python** and popular libraries like **Pandas, NumPy, and Matplotlib**.
- Participated in technical sessions and case studies on data analysis in domains like **Agriculture, Science, and Technology**.
- Designed a project involving the analysis of datasets and generating insights using **LLMs for assistance**.

Summer Intern, CodeSoft | Web Development Intern   Virtual | 05/2024 - 06/2024
- Developed **3 web applications** using **Angular, JavaScript, and HTML/CSS**.
- Built **Portfolio**, **Calculator**, **Landing page** as part of the internship project.
- Learned about **responsive** design and improved UI components.

Projects

Exam Portal | ParikshaPrep | GitHub | Spring Boot, Angular, MySQL   12/2024 – 02/2025
- Built a **web-based exam platform** with automated grading and dynamic question generation.
- Integrated **JWT-based authentication** and **role-based access control**.
- Optimized database queries for **faster response times** and scalability.

Smart Contact Management System | GitHub | Spring Boot, Thymeleaf, HTML, CSS, JavaScript, Bootstrap   09/2024 – 11/2024
- Developed a **full-stack contact management system** with CRUD functionalities.
- Fortified the web application's security by implementing JWT-based authentication, reducing potential vulnerabilities.
- Designed a responsive UI with **dark/light mode** support using **Tailwind CSS.**

Skills

- **Programming Languages:** Java, JavaScript
- **Frontend:** Angular, HTML, CSS, Bootstrap, Thymeleaf
- **Backend:** Spring Boot, REST APIs, JWT Authentication
- **Databases:** MySQL, MongoDB
- **Analysis Tools:** Power BI**,** Excel, PowerPoint
- **Tools & Platforms:** Git, Docker, Postman, VS Code, IntelliJ, Eclipse

Certifications

- **Certified System Administrator (CSA)** | ServiceNow | Certificate
- Foundations of Cybersecurity | **Google |** Certificate
- Java + Spring Boot, REST API, MVC, Security & Microservices | **Udemy |** Certificate
- Agile Project Management Certifications | **HP |** Certificate
- Software Engineer Intern | **HackerRank** | Certificate

Achievement & Leadership

GDG Hackureka | Team Leader   02/2025
- Led a team of 3 members to build an innovative solution for a **real-world challenge**.
- Successfully developed a **prototype** and presented it at the event, earning a participation certificate.

Smart India Hackathon | Team Leader   09/2024
- Collaborated with a team to tackle **real-world challenges** and develop innovative solutions.
- Gained valuable experience in **problem-solving**, **teamwork**, and networking.
- Received a **participation certificate** for the event.
